This team brings a wealth of experience in many areas, which will see the sport move forward in leaps and bounds over the next term. With a mixture of current national players and individuals with specialised skills, our mindset is to produce the best game possible for all of our members around the country. Increasing opportunities for members will be one of our main goals, and this team is focused on bringing the game to the forefront of Australian sport. The future of Eight Ball in Australia is bright!

Congratulations to everyone on their appointment to the committee, and good luck in your role for the year ahead.

In moving forward, we would also like to take this opportunity to acknowledge the contribution of the outgoing committee members, Greg Costello, Tracy Butterworth and Paul Thorn. The huge amount of passion and commitment exhibited by these individuals has been invaluable to Eight ball in Australia, and the sport is in a better place because of your efforts. Thank you for your dedication to bring the Australian Eight Ball Federation to where it is now, and we wish you well in your endeavours.

Kind regards,
