1. Introduction

Australian Eight Ball Federation is committed to making Eight Ball a safe and fair place for all participants. To achieve this, Australian Eight Ball Federation has adopted the National Integrity Framework, which includes this Safeguarding Children and Young People Policy.

The National Integrity Framework is designed to assist with creating a safe and fair sporting environment for all by setting out the rules about the types of behaviour that are unacceptable in Eight Ball. These unacceptable behaviours are defined as Prohibited Conduct. The National Integrity Framework seeks to guide Relevant Persons and Relevant Organisations on what to do if they experience or witness breaches of these rules.

2. Policy Intent

Eight Ball has a zero-tolerance policy to harm, abuse and/or neglect of a Child/Young Person in any form.

All Children/Young People have the right to feel safe and protected from all forms of abuse, harm, and neglect. Children/Young People have the right to take part in sport in a safe, positive, and enjoyable environment. Australian Eight Ball Federation is committed to safeguarding and promoting the welfare of Children/Young People in Eight Ball by providing a safe and inclusive environment and by ensuring that everyone involved in Eight Ball is aware of their rights and responsibilities in relation to Children/Young People.

If you have reason to believe that a Child/Young Person is at immediate risk of harm, you must follow the procedures set out in Annexure A: Responding to Risk of Abuse and Harm to Children and Young People and report to the appropriate law enforcement and/or child protection agency.

To provide a Child/Young Person-safe environment, Relevant Organisations:

- must comply with the 'Responding to Child Abuse Allegations' in Annexure A to the extent required by any applicable state/territory law;
- must understand and comply with relevant legislated requirements for Child/Young Person safety within their respective jurisdiction;
- must adopt and implement a Statement of Commitment and appropriate recruitment, screening and training requirements for employees and volunteers working in positions where they may have contact with or authority over Children/Young People or access to the personal and/or confidential information of Children/Young People (see examples provided in the Companion Guide: Safeguarding Children and Young People Policy); and
- should assist Relevant Persons to fulfil their responsibilities under this Policy.

In addition to complying with the requirements of this Policy, Relevant Persons must:

- comply with all obligations that they are subject to under relevant state/territory Child Safety-related Legislation;
- comply with all legislative obligations that they are subject to in relation to reporting of suspected Child Abuse or holding a WWCC[1];
- report any concerns or allegations of Prohibited Conduct involving any Relevant Person or Relevant Organisation; and
- provide true and accurate information during recruitment and screening processes.

Relevant Persons and Relevant Organisations should familiarise themselves with their state/territory reporting requirements. Failure to comply with these requirements could result in criminal proceedings and/or further action.

This Policy is part of Australian Eight Ball Federation's proactive and preventative approach to upholding its commitment to the safety, wellbeing, participation, and empowerment of all Children/Young People who access Eight Ball. This Policy should be read in conjunction with the Companion Guide.

This Policy is also aligned with the Play Well Way – a shared set of values collaboratively developed by the Australian sporting sector that guide how we create safe, welcoming, inclusive and fun sporting environments for children and young people.

In line with the Play Well Way, we are committed to fostering environments that prioritise:

- **Respect** – where every individual is treated with dignity and care
- **Belonging** – where people feel included, valued and connected
- **Wellbeing** – where physical, emotional and cultural safety is actively protected and promoted
- **Enjoyment** – where sport is a positive and fun experience
- **Growth** – where people are supported to learn, develop and thrive

These values inform the behaviours expected of all Relevant Persons and Relevant Organisations and reinforce our commitment to safeguarding people in sport.

Managing an investigation by Australian Eight Ball Federation:	**If the matter is referred to Sport Integrity Australia:**
If you suspect, on reasonable grounds that a Child/Young Person was or is at risk of harm or abuse, you must report it to the police and/or the relevant state/territory child protection agency, a list of which can be found here. Some states and territories place a legal obligation on organisations to report allegations of child sexual abuse to law enforcement and other child protection agencies. You must contact the police and/or the relevant child protection agency to determine the information that may be shared with parents/carers, this could include advice: • not to contact the parent/carer in circumstances where it is alleged, they may have engaged in the abuse • to contact the parents/carers and provide agreed information as soon as possible • who should lead this contact (i.e. Police, Child Protection department or Relevant Organisation representative). **TIP:** When liaising with the Police, make note of the Officer's name and contact details. If the alleged harm or abuse occurred at a Relevant Organisation or in connection with Australian Eight Ball Federation, it must also be reported to either Australian Eight Ball Federation or SIA. Reports to SIA can be documented on the Report Form found at MAKE AN INTEGRITY COMPLAINT OR REPORT | Sport Integrity Australia.	If the matter places a Child/Young person at risk of harm or alleges criminal conduct, SIA will contact the state or territory law enforcement or child protection agency. SIA can provide Eight Ball advice on: • appropriate steps to take to prevent opportunities for ongoing harm or abuse • what provisional action Australian Eight Ball Federation can consider in managing the incident. If SIA manage the investigation, SIA can: • assist Australian Eight Ball Federation in liaising with law enforcement • provide guidance for managing a critical incident with the community • Identify suitable support/health and wellbeing services. To maintain the integrity of any criminal proceedings, SIA will not investigate a matter if there is a current law enforcement investigation. SIA may investigate if notified that the matter will not be investigated by law enforcement. MAKE AN INTEGRITY COMPLAINT OR REPORT | Sport Integrity Australia.
Depending on where the offence took place, Australian Eight Ball Federation may have obligations to notify the relevant reportable conduct scheme within specific timeframes. More information on reportable conduct schemes can be found in the links below noting not all states and territories operate a reportable conduct scheme. QLD NSW VIC TAS	Where a matter has been reported to SIA and is being investigated, SIA is not responsible for meeting Reportable Conduct Scheme obligations under the relevant Act. Australian Eight Ball Federation must ensure they have met any obligations to the Reportable Conduct Scheme. Where matters are being investigated by SIA, support to meet Reportable Conduct Scheme requirements will be provided.

The Safeguarding Children and Young People Policy expects Relevant Organisations to implement the practices outlined in the Companion Guide. The Companion Guide provides advice and support on managing allegations of harm and abuse.
